

**COUNCIL OF EUROPEAN FORESTERS
EUROPEAN FORESTRY ACADEMIC SOCIETY**

Mr. Virginijus Sinkevičius

Environment, Oceans and Fisheries Commissioner in European Commission

Regarding the establishment of a forestry authority at the level of the Environment, Oceans and Fisheries Commission.

Until the conditions for the creation of a forestry authority at the level of the Environment, Oceans and Fisheries Commission (supplementing the Constitutive Act of the European Union with forests) we suggest that in the process of developing forestry strategies and policies in the European Union and to legitimize forestry professional possible Commission decisions on the forestry sector in European Union countries to use the expertise and professional information and experience of forestry organizations in European Union countries.

To this end, member organizations of the Council of European Foresters and the European Forestry Academic Society express their readiness to support the forestry activity of the Environment, Oceans and Fisheries Commission and, if you agree, will have a permanent link with the Commission.

Respectfully,

Enrico Brugnoli
